

# WIRE SLITTER

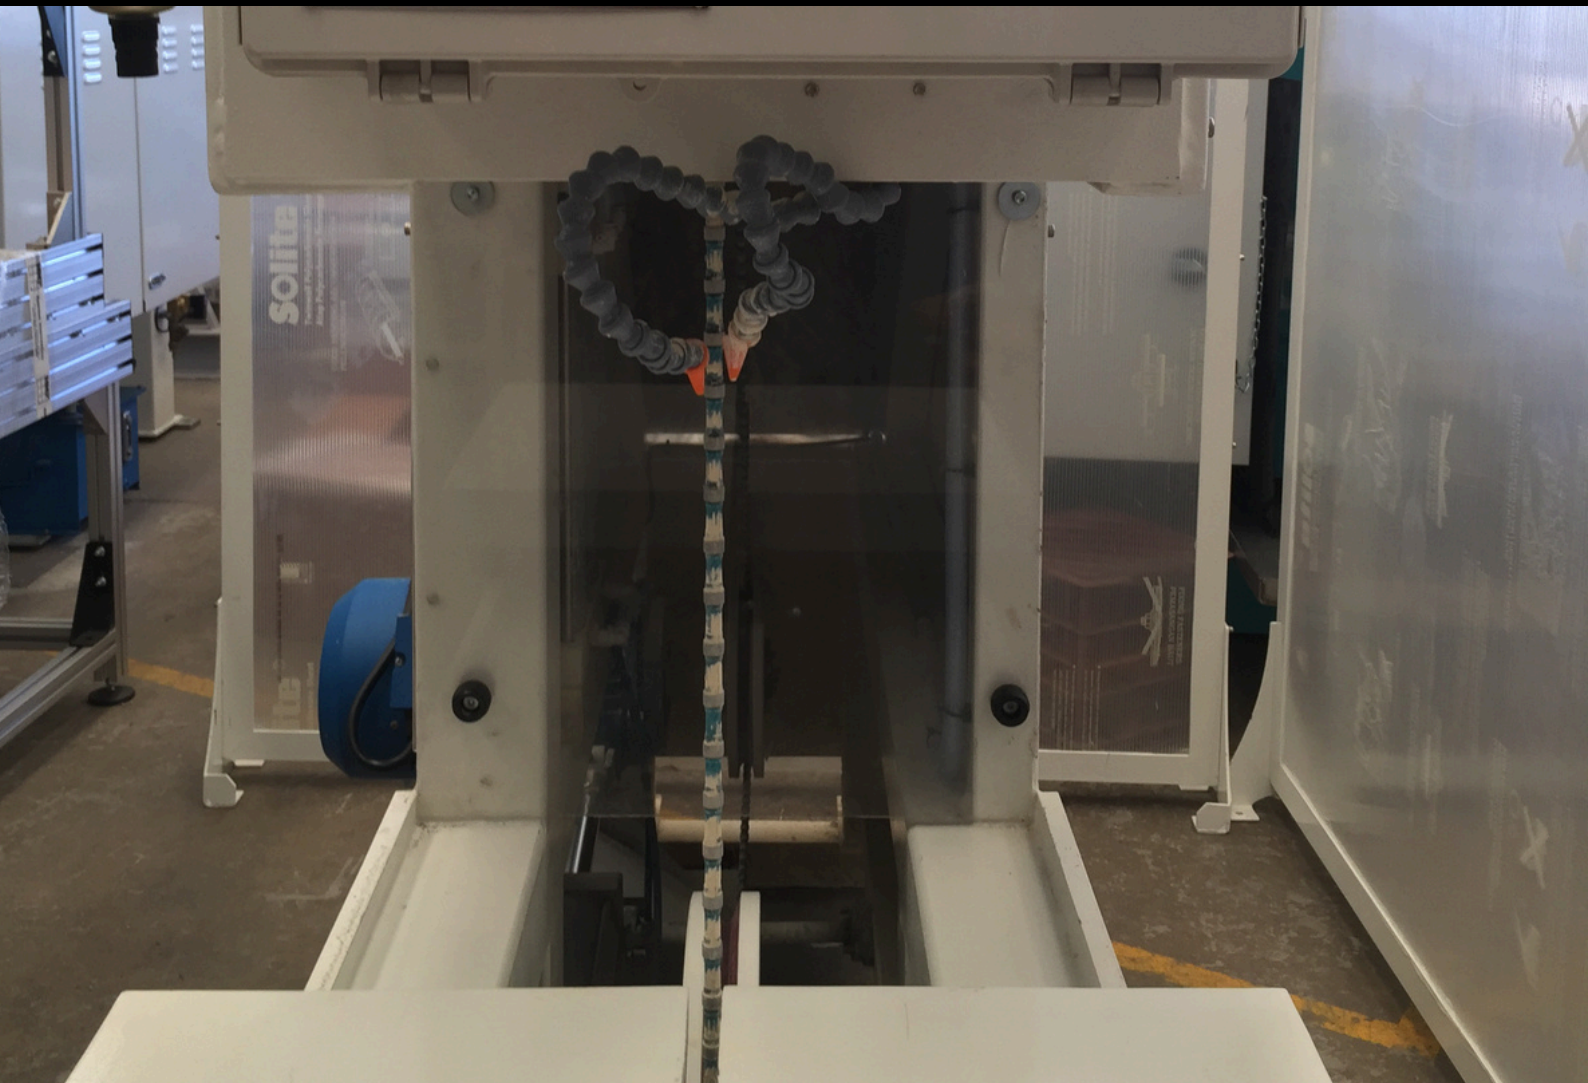

## FEATURES

A large industrial machine, likely a wire saw, with a white frame and stainless steel components. It features a blue electric motor on the left, a control panel with three buttons (black, green, red) on the right, and a large rectangular opening in the center. The machine is mounted on a wooden pallet.

The WIRE SLITTER has been conceived for small block cutting and producing quoins from sandstone.

The strong steel frame has been designed to ensure good rigidity levels and precision during all the cutting phases. It is composed of a full steel frame linking aluminium flywheels sized by Ø380mm reducing the diamond wire fatigue and also helping wire spinning around its own axis, preventing in this way its ovalization. The driving flywheel is powered by a 5.5kW (7.5hp) asynchronous motor and a pneumatic system granting tension on the wire during the cutting.

# TECHNICAL SPECIFICATIONS

DIMENSIONS OF INSTALLED MACHINE	Metric	Imperial
Width	2650 mm	104.3 in
Depth	950 mm	37.4 in
Height	1660 mm	65.4 in
Weight	500 kg	

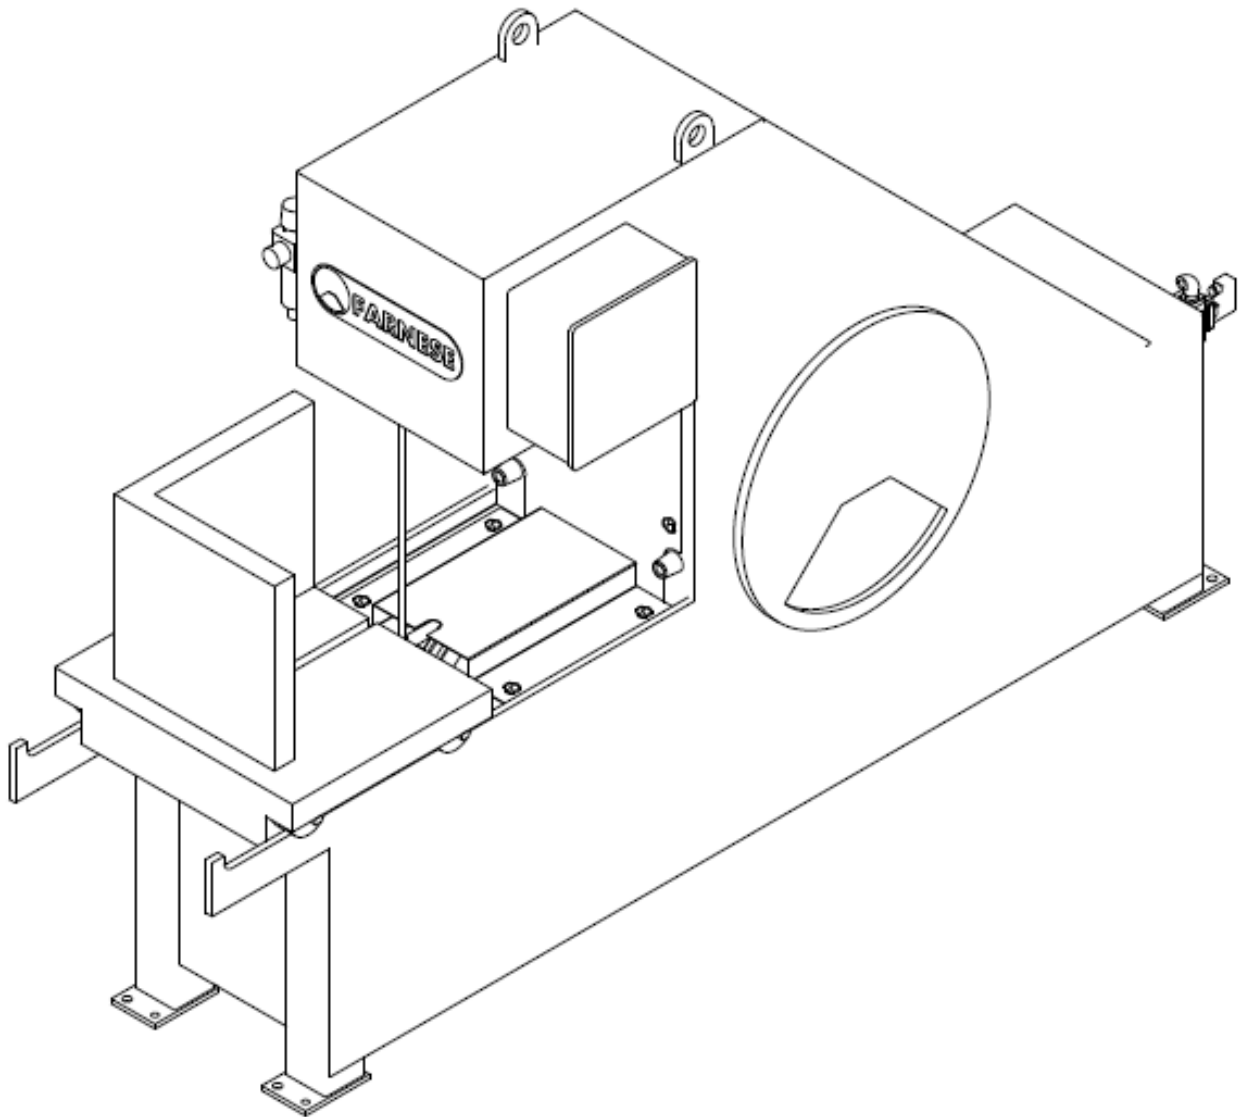

<b>Max Size of Slab</b>		1100.0 lb
Width	1000 mm	39.4 in
Depth	700 mm	27.6 in
Height	400 mm	15.7 in

<b>Features &amp; Feeds</b>		
Cutting Depth (Cross Travel Stroke)	400 mm	15.7 in
Cutting Weight	400 mm	15.7 in
Table Loading Capacity	200 kg	440 lb
Main Flywheel Diameter	380 mm	15.0 in
Manual Greasing	YES	YES
Main Spindle Power	5.5 kW	7.5 hp
Main Spindle Speed	1435 rpm	1435 rpm

CONNECTIONS REQUIRED (SUPPLIED BY CUSTOMER)  
POWER, WATER, COMPRESSED AIR  
TOOLING | CONSULT YOUR LOCAL FARNESE DEALER FOR

### **We Know That Support Is Important To You.**

Buying a new machine is a big commitment for anyone and continued support throughout the life of that machine is vital.

Being a local company, Farnese carry a vast array of parts locally to ensure that your machine always has the spares it needs. Enjoy peace of mind knowing that you'll be fully supported by Farnese and we'll always have you covered.

Farnese customers don't need to experience unnecessary machinery downtime waiting for remote assistance from other countries, as all the support and remote assistance is provided locally from our own qualified Technicians.

Our mission here at Farnese is to give you the best support in the industry. As we grow, we continue to recruit more and more qualified technicians to further strengthen our position in the Stone Industry.
